This examination was commenced in accordance with Miss. Code Ann. § 83-5-201 et seq. and the report of examination is herewith submitted.

## **INTRODUCTION**

This examination was performed by examiners representing the Mississippi Insurance Department (“MID”) and covered AmFed Casualty Insurance Company (“Company”) operations and financial condition from January 1, 2011 through December 31, 2011, including material transactions and/or events occurring subsequent to the examination date through January 18, 2013.

## **SCOPE OF EXAMINATION**

We have performed our examination of AmFed Casualty Insurance Company. The last exam was completed as of December 31, 2010. This examination covers the period of January 1, 2011 through December 31, 2011.

Concurrent with this examination, we conducted an examination of the Company’s parent, AmFed National Insurance Company (“AmFed National”). An examination report for AmFed National will be issued under separate cover.

We conducted our examination in accordance with the NAIC Financial Condition Examiners Handbook. The Handbook requires that we plan and perform the examination to evaluate the financial condition and identify prospective risks of the Company by obtaining information about the Company, including corporate governance, identifying and assessing inherent risks within the Company, and evaluating system controls and procedures used to mitigate those risks. An examination also includes assessing the principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation, management’s compliance with Statutory Accounting Principles and annual statement instructions, when applicable to domestic state regulations.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process.

Reporting in the comments and recommendations section of this report was by exception; therefore, items that were tested and deemed acceptable by the examiners without material change receive little or no comment.

## **COMMENTS AND RECOMMENDATIONS OF PREVIOUS EXAMINATION**

The following recommendations were included in the Report of Examination of the Company as of December 31, 2010. Following each of the recommendations is the status based upon this examination.

1. **Agent Record Keeping**

It was recommended that the Company ensure proper record keeping regarding appointed and terminated agents, which should include the retention of appointment and termination information. The Company should ensure that accurate information regarding agents is communicated to the MID.

**The Company subsequently addressed this recommendation, with the exception that the Company had numerous instances of late communication of terminated agent status to the MID. A related recommendation is repeated in the Comments and Recommendations of this report.**

2. **Commissions to Terminated Agents**

It was recommended that the Company implement procedures to ensure that agents who are terminated cannot submit new business after their termination date. The Company should additionally implement procedures to ensure that commissions are not paid to agents for business that was submitted after termination.

**The Company subsequently addressed this recommendation.**

## **HISTORY OF THE COMPANY**

The Company was incorporated and commenced business under the laws of the State of Mississippi on March 6, 2004. The Company is licensed as a single-line property and casualty company and its operations to date have consisted of writing workers' compensation and employers' liability insurance contracts in the State of Mississippi.

## **Conflict of Interest**

The Company has formal procedures whereby disclosure is made to the Board of any material interest or affiliation on the part of any officer or director that is, or would likely be, a conflict with their official duties. These procedures were reviewed, and no conflicts or exceptions to the Company's policies were noted.

## **Corporate Governance**

Upon review of the corporate governance structure, the overall corporate structure was determined to be adequate based upon the Company's size and structure. The Company is 100% owned by AmFed National. AmFed National is 100% owned by Companion effective October 1, 2008, whose parent is BCBSSC. As was discussed in the prior examination report, the Company experienced turnover in management positions, which were filled during the current examination period, both at the Company and Companion levels. Management records, such as Board minutes, were reviewed with no exceptions.

The Board's involvement and oversight along with its independence from management was considered during the course of our examination without material concern. Other key variables in our consideration of the Board's involvement included, but were not limited to factors such as: (1) the frequency of Board Meetings, (2) the type of information communicated to the Board prior to meetings and the topics discussed along with the depth and quality of discussions, (3) key communication channels to and from management with the Board, along with overall "tone at the top". Information regarding the Board members, committees and other related information can be found in the Management and Control section of this report.

The appropriateness of the Company's organizational structure and its ability to provide the necessary information flow to manage its activities were considerations in obtaining our understanding of its organizational structure. This includes consideration of the entity's centralized structure and its ability to communicate information upstream, downstream and across all business activities. Our consideration also encompassed understanding the assignment of authority and responsibility. There were no material concerns regarding the Company's organizational structure, its ability to provide for necessary information flow to manage its activities or assignment of authority and responsibility.

Our consideration of corporate governance encompassed the risk management function through discussions with senior management and a member of the Board, as well as through gaining an understanding of the risk management function through inspection of relevant risk management documentation. Upon our review and consideration of these components and functions, there was no material concerns noted.

Management competence was a consideration in overall assessment of corporate governance. In our review of this area, we considered factors such as (1) experience level within the Company of key management, (2) management/employee turnover and (3) previous experience of key

management. There was no material concerns noted upon our consideration of this area. While two key management positions experienced turnover, management has significant experience with the Company.

During our consideration of corporate governance, it was noted that the Company did not have an internal audit department. The Company's ultimate parent, BCBSSC, did have an internal audit department; however, the Company's business was out of scope due its relative immateriality to BCBSSC. Additionally, the Company utilizes different systems and processes from BCBSSC, therefore the BCBSSC internal audit department was not taken into account in our review of the Company's corporate governance.

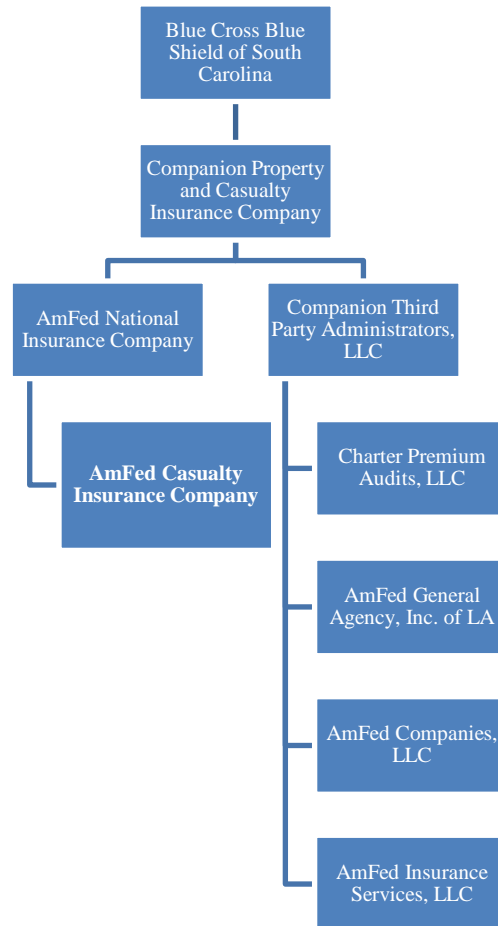

### **HOLDING COMPANY STRUCTURE**

The Company was a member of an insurance holding company system as defined in Miss. Code Ann. § 83-6-1. Holding Company Registration Statements were filed during the examination period with the MID in accordance with Miss. Code Ann. § 83-6-5 and § 83-6-9. The statements and applicable amendments that were filed with the MID during the examination period were reviewed and it appeared that any changes and material transactions by and between the Company and its affiliates were appropriately disclosed.

### 1. Agent Termination Communication Delay

Per Mississippi Code §83-17-77, an insurer or authorized representative of the insurer that terminates the appointment, employment, contract or other insurance business relationship with a producer shall notify the Commissioner within thirty (30) days following the effective date of the termination.
