COVID-19 Shelter-in-Place Credit

In recognition of our clients' reduced driving activity resulting from the COVID-19 pandemic, a one-time 6% credit will be applied to the premium for each Private Passenger Vehicle on auto policies renewing with effective dates on or after 08/11/2020 and before 08/10/2021. The premium credit will also apply to any future auto endorsements applied during the policy term. This credit does not apply to any premium applied to Corporate vehicles or Other Vehicles, including collector vehicles, motorcycles, mopeds, recreational vehicles, trailers, and unregistered vehicles, covered under the auto policy.

Upon expiration of the initial policy term, the COVID-19 Shelter-in-Place Credit will be removed for any subsequent renewal policy terms.
