Bulletin 93-7

Mississippi Code of 1972, Annotated, Section 83-17-401, changed the renewal date of your adjuster's license to January 1, and requires all independent adjusters to complete 12 hours of approved continuing education each year.

Non-resident adjusters who meet continuing education requirements in their home states meet the continuing education requirements of this state. Non-resident adjusters whose home states have no continuing education requirements shall meet the credit hour requirements of this state.

You may renew your **1994** license without the continuing education; however, you must complete the education requirement before **January 1, 1995**, renewal.
