Signature

Conditions of Approval: All approval code variance issued are subject to any special conditions that might be required of the owner applicant to insure safe operation of equipment considered herein. All approved code variances issued by the Administrator are subject to review and repeal at any time when future inspections, tests, or events reveal unsafe risks or operation due to the approval of this variance. Hardships due to financial issues are not a consideration for granting of a variance by the Administrator. All approved code variances shall be considered as one-time events for certain pieces of equipment and in no way should be considered a precedent for future variance requests unless specifically designated as such by the Administrator. A copy of this approved variance will be displayed in the equipment machine room of the variance site.
