

## Memorial Day - May 28, 2018

"Memorial Day is set aside in these United States to honor the men and women who have given their life in the defense of the freedoms that we enjoy in this country. The freedoms of religion, the freedoms of speech, freedom and the right to assembly, the freedom to bear arms. We say to their families thank you, may we never forget the loss of their life and the defending of freedoms that we understand in this country. We pray that their sacrifices have not been in vain."

A handwritten signature in black ink, which appears to read "Mike Chaney".
