

Veterans Day - November 11, 2017

The men and women who serve in our military live their lives by a code of honor anchored by three words: duty, honor and country. They serve to protect the many freedoms we enjoy. Some make the ultimate sacrifice. They have earned and deserve our respect. This Veteran's Day, honor a veteran and thank them for their service and sacrifice - for answering the call of duty, for protecting our lives, families and country.

A handwritten signature in black ink, appearing to read "Dan Claitor". The signature is stylized and written in cursive.
